

Format of Critical Analysis

The Critical Analysis (3000 Words, excl appendices) should include the following:

- 1) A brief description of the project including the procurement route, conditions of contract, scope of works, value, duration etc.
- 2) A detailed description of the Applicant's role and duties on the project.
- 3) A description of no more than two key issues pertaining to the project, in which the Applicant has been personally involved.
- 4) A critical evaluation of these key issues and the Applicant's involvement therein.
- 5) The Applicant's proposed solutions to deal with these issues.
- 6) The Applicant's proposal on how these issues could have been avoided and how they could have been dealt with differently.
- 7) Learning outcome from the above.

The Critical Analysis shall be signed by the Applicant and the Supervisor, include a word count and include a statement that, the Critical Analysis is an accurate record of the Applicant's duties and his/her own unaided work.
